Disclosure Regarding Forward-Looking Statements

Brown & Brown, Inc., together with its subsidiaries (collectively, “we,” “Brown & Brown” or the “Company”), make “forward-looking statements” within the “safe harbor” provision of the Private Securities Litigation Reform Act of 1995, as amended, throughout this report and in the documents we incorporate by reference into this report. You can identify these statements by forward-looking words such as “may,” “will,” “should,” “expect,” “anticipate,” “believe,” “intend,” “estimate,” “plan” and “continue” or similar words. We have based these statements on our current expectations about future events. Although we believe the expectations expressed in the forward-looking statements included in this Form 10-Q and the reports, statements, information and announcements incorporated by reference into this report are based on reasonable assumptions within the bounds of our knowledge of our business, a number of factors could cause actual results to differ materially from those expressed in any forward-looking statements, whether oral or written, made by us or on our behalf. Many of these factors have previously been identified in filings or statements made by us or on our behalf. Important factors which could cause our actual results to differ materially from the forward-looking statements in this report include the following items, in addition to those matters described in Part I, Item 2 “Management’s Discussion and Analysis of Financial Condition and Results of Operations”:

- Projections of revenues, income, losses, cash flows, capital expenditures;
- Future prospects;
- Plans for future operations;
- Expectations of the economic environment;
- Material adverse changes in economic conditions in the markets we serve and in the general economy;
- Future regulatory actions and conditions in the states in which we conduct our business;
- Competition from others in the insurance agency, wholesale brokerage, insurance programs and service business;
- The occurrence of adverse economic conditions, an adverse regulatory climate, or a disaster in California, Florida, Georgia, Indiana, Louisiana, Massachusetts, Michigan, New Jersey, New York, Pennsylvania, Texas and Washington, because a significant portion of business written by Brown & Brown is for customers located in these states;
- The integration of our operations with those of businesses or assets we have acquired, including our January 2012 acquisition of Arrowhead General Insurance Agency Superholding Corporation (“Arrowhead”), or may acquire in the future and the failure to realize the expected benefits of such acquisition and integration;
- Premium rates and exposure units set by insurance companies which have traditionally varied and are difficult to predict;
- Our ability to forecast liquidity needs through at least the end of 2012;
- Our ability to renew or replace expiring leases;
- Outcome of legal proceedings and governmental investigations;
- Policy cancellations which can be unpredictable;
- Potential changes to the tax rate that would affect the value of deferred tax assets and liabilities;
- The inherent uncertainty in making estimates, judgments, and assumptions in the preparation of financial statements in accordance with generally accepted accounting principles in the United States of America (“U.S. GAAP”);
- The performance of acquired businesses and its effect on estimated acquisition earn-out payable;
- Other risks and uncertainties as may be detailed from time to time in our public announcements and Securities and Exchange Commission (“SEC”) filings; and
- Assumptions as to any of the foregoing and all statements that are not based on historical fact but rather reflect our current expectations concerning future results and events.

Forward-looking statements that we make or that are made by others on our behalf are based on a knowledge of our business and the environment in which we operate, but because of the factors listed above, among others, actual results may differ from those in the forward-looking statements. Consequently, these cautionary statements qualify all of the forward-looking statements we make herein. We cannot assure you that the results or developments anticipated by us will be realized or, even if substantially realized, that those results or developments will result in the expected consequences for us or affect us, our business or our operations in the way we expect. We caution readers not to place undue reliance on these forward-looking statements, which speak only as of their dates. We assume no obligation to update any of the forward-looking statements.

BROWN & BROWN, INC.

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)**

NOTE 1· Nature of Operations

Brown & Brown, Inc., a Florida corporation, and its subsidiaries (collectively, “Brown & Brown” or the “Company”) is a diversified insurance agency, wholesale brokerage, insurance programs and services organization that markets and sells to its customers insurance products and services, primarily in the property and casualty area. Brown & Brown’s business is divided into four reportable segments: the Retail Division, which provides a broad range of insurance products and services to commercial, public entity, professional and individual customers; the National Programs Division, which is composed of two units — Professional Programs, which provides professional liability and related package products for certain professionals delivered through nationwide networks of independent agents, and Special Programs, which markets targeted products and services designated for specific industries, trade groups, governmental entities and market niches; the Wholesale Brokerage Division, which markets and sells excess and surplus commercial insurance and reinsurance, primarily through independent agents and brokers; and the Services Division, which provides insurance-related services, including third-party claims administration and comprehensive medical utilization management services in both the workers’ compensation and all-lines liability arenas, as well as Medicare set-aside services and Social Security disability and Medicare benefits advocacy services.

NOTE 2· Basis of Financial Reporting

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”) for interim financial information and with the instructions for Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by U.S. GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. These unaudited condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and the notes thereto set forth in the Company’s Annual Report on Form 10-K for the year ended December 31, 2011.

Effective January 1, 2012, certain profit center offices were reclassified from the National Programs Division to the Wholesale Brokerage Division, and as such, certain prior year amounts have been reclassified to conform to the current year presentation.

Results of operations for the three and nine months ended September 30, 2012 are not necessarily indicative of the results that may be expected for the year ending December 31, 2012.

NOTE 3· Net Income Per Share

Accounting Standards Codification (“ASC”) Topic 260 — Earnings Per Share is the authoritative guidance that states that unvested share-based payment awards that contain non-forfeitable rights to dividends or dividend equivalents are participating securities and, therefore, are included in computing earnings per share (“EPS”) pursuant to the two-class method. The two-class method determines EPS for each class of common stock and participating securities according to dividends or dividend equivalents and their respective participation rights in undistributed earnings. Performance stock shares granted to employees under the Company’s Performance Stock Plan and Stock Incentive Plan are considered participating securities as they receive non-forfeitable dividend equivalents at the same rate as common stock.

Table of Contents

Basic EPS is computed based on the weighted average number of common shares (including participating securities) issued and outstanding during the period. Diluted EPS is computed based on the weighted average number of common shares issued and outstanding plus equivalent shares assuming the exercise of stock options. The dilutive effect of stock options is computed by application of the treasury stock method. The following is a reconciliation between basic and diluted weighted average shares outstanding:

(in thousands, except per share data)	For the three months ended September 30,		For the nine months ended September 30,	
	2012	2011	2012	2011
Net income	\$ 49,504	\$ 44,173	\$ 141,408	\$ 127,501

Weighted average number of shares outstanding – diluted	<u>142,097</u>	<u>140,443</u>	<u>141,769</u>	<u>140,120</u>
Net income per share:				
Basic	<u>\$ 0.34</u>	<u>\$ 0.31</u>	<u>\$ 0.99</u>	<u>\$ 0.89</u>
Diluted	<u>\$ 0.34</u>	<u>\$ 0.30</u>	<u>\$ 0.97</u>	<u>\$ 0.88</u>

NOTE 4• New Accounting Pronouncements

Goodwill Impairment — In September 2011, the FASB issued authoritative guidance which simplifies goodwill impairment testing by allowing an entity to first assess qualitative factors to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying value. An entity is no longer required to determine the fair value of a reporting unit unless it is more likely than not that the fair value is less than carrying value. The guidance is effective for interim and annual periods beginning after December 15, 2011. Early adoption is permitted. The adoption of this guidance did not have any material impact on the Company's Condensed Consolidated Financial Statements.

NOTE 5• Business Combinations

Acquisitions in 2012

During 2012, Brown & Brown has acquired the assets and assumed certain liabilities of 11 insurance intermediaries, all of the stock of one insurance intermediary and a book of business (customer accounts). The aggregate purchase price of these acquisitions was \$620,144,000, including \$443,475,000 of cash payments, the issuance of notes payable of \$59,000, the issuance of \$25,776,000 in other payables, the assumption of \$135,779,000 of liabilities and \$15,055,000 of recorded earn-out payables. The 'other payables' amount includes \$22,594,000 that the Company is obligated to pay all shareholders of Arrowhead General Insurance Agency Superholding Corporation ("Arrowhead") on a pro rata basis for certain pre-merger corporate tax refunds and estimated certain potential future income tax credits that were created by net operating loss carryforwards originating from transaction-related tax benefit items. All of these acquisitions were acquired primarily to expand Brown & Brown's core businesses and to attract and hire high-quality individuals. Acquisition purchase prices are typically based on a multiple of average annual operating profit earned over a one- to three-year period within a minimum and maximum price range. The recorded purchase price for all acquisitions consummated after January 1, 2009 included an estimation of the fair value of liabilities associated with any potential earn-out provisions. Subsequent changes in the fair value of earn-out obligations will be recorded in the consolidated statement of income when incurred.

[Table of Contents](#)

The fair value of earn-out obligations is based on the present value of the expected future payments to be made to the sellers of the acquired businesses in accordance with the provisions outlined in the respective purchase agreements. In determining fair value, the acquired business's future performance is estimated using financial projections developed by management for the acquired business and reflects market participant assumptions regarding revenue growth and/or profitability. The expected future payments are estimated on the basis of the earn-out formula and performance targets specified in each purchase agreement compared to the associated financial projections. These payments are then discounted to present value using a risk-adjusted rate that takes into consideration the likelihood that the forecasted earn-out payments will be made.

Based on the acquisition date and the complexity of the underlying valuation work, certain amounts included in the Company's Condensed Consolidated Financial Statements may be provisional and thus subject to further adjustments within the permitted measurement period, as defined in ASC Topic 805 — Business Combinations. However, the Company does not expect any adjustments to such allocations to be material to the Company's Condensed Consolidated Financial Statements. These acquisitions have been accounted for as business combinations and are as follows:

(in thousands)

Name	Business Segment	2012 Date of Acquisition	Cash Paid	Note Payable	Other Payable	Recorded Earn-out Payable	Net Assets Acquired	Maximum Potential Earn-out Payable
Arrowhead General Insurance Agency Superholding Corporation	National Programs; Services	January 9	\$397,531	\$ —	\$22,694	\$ 3,634	\$423,859	\$ 5,000
Insurcorp & GGM Investments LLC (d/b/a Maalouf Benefit Resources)	Retail	May 1	15,500	—	900	4,944	21,344	17,000
Texas Security General Insurance Agency, Inc.	Wholesale	September 1	14,506	—	2,182	2,124	18,812	7,200
Other	Various	Various	15,938	59	—	4,353	20,350	10,235
Total			\$443,475	\$ 59	\$25,776	\$15,055	\$484,365	\$39,435

The following table summarizes the estimated fair values of the aggregate assets and liabilities acquired as of the date of each acquisition:

(in thousands)	Arrowhead	Insurcorp	Texas Security	Other	Total
Cash	\$ 61,786	\$ —	\$ —	\$ —	\$ 61,786
Other current assets	69,051	180	1,882	524	71,637
Fixed assets	4,629	25	45	67	4,766
Goodwill	322,779	14,745	10,776	12,818	361,118
Purchased customer accounts	99,515	6,490	6,227	8,371	120,603
Non-compete agreements	100	22	14	97	233
Other assets	1	—	—	—	1
Total assets acquired	557,861	21,462	18,944	21,877	620,144
Other current liabilities	(107,579)	(118)	(132)	(1,527)	(109,356)
Deferred income taxes, net	(26,423)	—	—	—	(26,423)
Total liabilities assumed	(134,002)	(118)	(132)	(1,527)	(135,779)
Net assets acquired	<u>\$ 423,859</u>	<u>\$21,344</u>	<u>\$ 18,812</u>	<u>\$20,350</u>	<u>\$ 484,365</u>

The weighted average useful lives for the acquired amortizable intangible assets are as follows: purchased customer accounts, 15.0 years; and non-compete agreements, 5.0 years.

Goodwill of \$361,118,000, was allocated to the Retail, National Programs, Wholesale Brokerage and Services Divisions in the amounts of \$26,753,000, \$253,766,000, \$11,586,000 and \$69,013,000, respectively. Of the total goodwill of \$361,118,000, \$28,326,000 is currently deductible for income tax purposes and \$317,737,000 is non-deductible. The remaining \$15,055,000 relates to the recorded earn-out payables and will not be deductible until it is earned and paid.

[Table of Contents](#)

The results of operations for the acquisitions completed during 2012 have been combined with those of the Company since their respective acquisition dates. The total revenues and income before income taxes from the acquisitions completed through September 30, 2012, included in the Condensed Consolidated Statement of Income for the three months ended September 30, 2012, were \$37,754,000 and \$4,731,000, respectively. The total revenues and income before income taxes from the acquisitions completed through September 30, 2012, included in the Condensed Consolidated Statement of Income for the nine months ended September 30, 2012, were \$96,020,000 and \$4,279,000, respectively. If the acquisitions had occurred as of the beginning of the period, the Company's results of operations would be as shown in the following table. These unaudited pro forma results are not necessarily indicative of the actual results of operations that would have occurred had the acquisitions actually been made at the beginning of the respective periods.

(UNAUDITED) (in thousands, except per share data)	For the three months ended September 30,		For the nine months ended September 30,	
	2012	2011	2012	2011

Acquisitions in 2011

For the nine months ended September 30, 2011, Brown & Brown acquired the assets and assumed certain liabilities of 29 insurance intermediaries, all of the stock of one insurance intermediary and several books of business (customer accounts). The aggregate purchase price of these acquisitions was \$126,462,000, including \$100,449,000 of cash payments, the issuance of notes payable of \$1,194,000, the assumption of \$9,356,000 of liabilities, and \$15,463,000 of recorded earn-out payables. All of these acquisitions were acquired primarily to expand Brown & Brown's core businesses and to attract and hire high-quality individuals. Acquisition purchase prices are typically based on a multiple of average annual operating profit earned over a one- to-three-year period, within a minimum and maximum price range. The recorded purchase prices for all acquisitions consummated after January 1, 2009 include an estimation of the fair value of liabilities associated with any potential earn-out provisions. Subsequent changes in the fair value of earn-out obligations are recorded in the consolidated statement of income when incurred.

The fair value of earn-out obligations is based on the present value of the expected future payments to be made to the sellers of the acquired businesses in accordance with the provisions outlined in the respective purchase agreements. In determining fair value, the acquired business's future performance is estimated using financial projections developed by management and reflects market participant assumptions regarding revenue growth and/or profitability. The expected future payments are estimated on the basis of the earn-out formula and performance targets specified in each purchase agreement compared with the associated financial projections. These payments are then discounted to present value using a risk-adjusted rate that takes into consideration the likelihood that the forecasted earn-out payments will be made.

Table of Contents

These acquisitions have been accounted for as business combinations and are as follows:

(in thousands)

Name	Business Segment	2011 Date of Acquisition	Cash Paid	Note Payable	Recorded Earn-out Payable	Net Assets Acquired	Maximum Potential Earn-out Payable

The weighted average useful lives for the above acquired amortizable intangible assets, as of the acquisition date, are as follows: purchased customer accounts, 15.0 years; and non-compete agreements, 5.0 years.

Goodwill of \$73,576,000 was assigned to the Retail and National Programs Divisions in the amounts of \$71,287,000 and \$2,289,000, respectively. Of the total goodwill of \$73,576,000, \$43,412,000 is currently deductible for income tax purposes and \$14,701,000 is non-deductible. The remaining \$15,463,000 relates to the recorded earn-out payables and will not be deductible until it is earned and paid.

The results of operations for the acquisitions completed during 2011 have been combined with those of the Company since their respective acquisition dates. The total revenues and income before income taxes from the acquisitions completed through September 30, 2011, included in the Condensed Consolidated Statement of Income for the three months ended September 30, 2011, were \$1,471,000 and \$894,000, respectively. The total revenues and income before income taxes from the acquisitions completed through September 30, 2011, included in the Condensed Consolidated Statement of Income for the nine months ended September 30, 2011, were \$3,026,000 and \$1,832,000, respectively. If the acquisitions had occurred as of the beginning of the period, the Company's estimated results of operations would be as shown in the following table. These unaudited pro forma results are not necessarily indicative of the actual results of operations that would have occurred had the acquisitions actually been made at the beginning of the respective periods.

Table of Contents

(UNAUDITED) (in thousands, except per share data)	For the three months ended September 30,		For the nine months ended September 30,	
	2011	2010	2011	2010

Diluted	140,443	139,507	140,120	139,128

For acquisitions consummated prior to January 1, 2009, additional consideration paid to sellers as a result of purchase price “earn-out” provisions are recorded as adjustments to intangible assets when the contingencies are settled. The net additional consideration paid by the Company in 2012 as a result of these adjustments totaled \$2,907,000, all of which was allocated to goodwill. Of the \$2,907,000 net additional consideration paid, \$2,907,000 was paid in cash. The net additional consideration paid by the Company in 2011 as a result of these adjustments totaled \$4,446,000, all of which was allocated to goodwill. Of the \$4,446,000 net additional consideration paid, \$3,781,000 was paid in cash and \$665,000 was issued as a note payable.

As of September 30, 2012, the maximum future contingency payments related to all acquisitions totaled \$148,950,000, of which all of the \$148,950,000 relates to acquisitions consummated subsequent to January 1, 2009.

ASC Topic 805 — Business Combinations is the authoritative guidance requiring an acquirer to recognize 100% of the fair values of acquired assets, including goodwill, and assumed liabilities (with only limited exceptions) upon initially obtaining control of an acquired entity. Additionally, the fair value of contingent consideration arrangements (such as earn-out purchase arrangements) at the acquisition date must be included in the purchase price consideration. As a result, the recorded purchase prices for all acquisitions consummated after January 1, 2009 include an estimation of the fair value of liabilities associated with any potential earn-out provisions. Subsequent changes in these earn-out obligations will be recorded in the consolidated statement of income when incurred. Potential earn-out obligations are typically based upon future earnings of the acquired entities, usually between one and three years.

As of September 30, 2012, the fair values of the estimated acquisition earn-out payables were re-evaluated and measured at fair value on a recurring basis using unobservable inputs (Level 3). The resulting additions, payments, and net changes, as well as the interest expense accretion on the estimated acquisition earn-out payables, for the three and nine months ended September 30, 2012 and 2011, were as follows:

(in thousands)	For the three months ended September 30,		For the nine months ended September 30,	
	2012	2011	2012	2011
Balance as of the beginning of the period	\$57,997	\$41,913	\$47,715	\$29,609
Additions to estimated acquisition earn-out payables	2,136	1,648	15,055	15,463
Payments for estimated acquisition earn-out payables	(2,743)	(2,290)	(4,388)	(5,267)
Subtotal	57,390	41,271	58,382	39,805
Net change in earnings from estimated acquisition earn-out payables:				
Change in fair value on estimated acquisition earn-out payables	240	(1,286)	(1,966)	(697)
Interest expense accretion	618	476	1,832	1,353
Net change in earnings from estimated acquisition earn-out payables	858	(810)	(134)	656
Balance as of September 30	<u>\$58,248</u>	<u>\$40,461</u>	<u>\$58,248</u>	<u>\$40,461</u>

[Table of Contents](#)

Of the \$58,248,000 estimated acquisition earn-out payables as of September 30, 2012, \$17,552,000 was recorded as accounts payable and \$40,696,000 was recorded as other non-current liabilities. Of the \$40,461,000 in estimated acquisition earn-out payables as of September 30, 2011, \$7,365,000 was recorded as accounts payable and \$33,096,000 was recorded as other non-current liabilities.

NOTE 6· Goodwill

Goodwill is subject to at least an annual assessment for impairment by applying a fair value-based test. Brown & Brown completed its most recent annual assessment as of November 30, 2011, and identified no impairment as a result of the evaluation.

The changes in the carrying value of goodwill by operating segment for the nine months ended September 30, 2012 are as follows:

(in thousands)	Retail	National Programs	Wholesale Brokerage	Services	Total
Balance as of January 1, 2012	\$823,573	\$149,802	\$273,783	\$ 76,311	\$1,323,469
Goodwill of acquired businesses	27,045	253,766	14,201	69,013	364,025
Goodwill disposed of relating to sales of businesses	(1,034)	—	—	—	(1,034)
Balance as of September 30, 2012	<u>\$849,584</u>	<u>\$403,568</u>	<u>\$287,984</u>	<u>\$145,324</u>	<u>\$1,686,460</u>

NOTE 7· Amortizable Intangible Assets

Amortizable intangible assets at September 30, 2012, and December 31, 2011, consisted of the following:

(in thousands)	September 30, 2012				December 31, 2011			
	Gross Carrying Value	Accumulated Amortization	Net Carrying Value	Weighted Average Life (years) ⁽¹⁾	Gross Carrying Value	Accumulated Amortization	Net Carrying Value	Weighted Average Life (years) ⁽¹⁾
Purchased customer accounts	\$ 992,389	\$ (425,952)	\$566,437	14.9	\$876,552	\$ (381,615)	\$494,937	14.9
Non-compete agreements	25,513	(24,461)	1,052	7.2	25,291	(24,046)	1,245	7.2
Total	<u>\$1,017,902</u>	<u>\$ (450,413)</u>	<u>\$567,489</u>		<u>\$901,843</u>	<u>\$ (405,661)</u>	<u>\$496,182</u>	

Amortization expense for amortizable intangible assets for the years ending December 31, 2012, 2013, 2014, 2015 and 2016, is estimated to be \$63,461,000, \$63,203,000, \$62,141,000, \$60,851,000, and \$56,266,000, respectively.

⁽¹⁾ Weighted average life calculated as of the date of acquisition.

NOTE 8· Long-Term Debt

Long-term debt at September 30, 2012, and December 31, 2011, consisted of the following:

(in thousands)	2012	2011
Unsecured senior notes	\$450,000	\$250,000
Acquisition notes payable	93	1,260
Total debt	450,093	251,260
Less current portion	(93)	(1,227)
Long-term debt	<u>\$450,000</u>	<u>\$250,033</u>

In July 2004, the Company completed a private placement of \$200.0 million of unsecured senior notes (the "Notes"). The \$200.0 million was divided into two series: (1) Series A, which closed on September 15, 2004, for \$100.0 million due in 2011 and bearing interest at 5.57% per year; and (2) Series B, which closed on July 15, 2004, for \$100.0 million due in 2014 and bearing interest at 6.08% per year. Brown & Brown has used the proceeds from the Notes for general corporate purposes, including acquisitions and repayment of existing debt. On September 15, 2011, the \$100.0 million of Series A Notes were redeemed on their normal maturity date. As of September 30, 2012 and December 31, 2011, there was an outstanding balance on the Notes of \$100.0 million.

Table of Contents

On December 22, 2006, the Company entered into a Master Shelf and Note Purchase Agreement (the “Master Agreement”) with a national insurance company (the “Purchaser”). On September 30, 2009, the Company and the Purchaser amended the Master Agreement to extend the term of the agreement until September 30, 2012. The Purchaser also purchased Notes issued by the Company in 2004. The Master Agreement provides for a \$200.0 million private uncommitted “shelf” facility for the issuance of unsecured senior notes over a three-year period, with interest rates that may be fixed or floating and with such maturity dates, not to exceed ten years, as the parties may determine. The Master Agreement includes various covenants, limitations and events of default similar to the Notes issued in 2004. The initial issuance of notes under the Master Agreement occurred on December 22, 2006, through the issuance of \$25.0 million in Series C Senior Notes due December 22, 2016, with a fixed interest rate of 5.66% per year. On February 1, 2008, \$25.0 million in Series D Senior Notes due January 15, 2015, with a fixed interest rate of 5.37% per year, were issued. On September 15, 2011, and pursuant to a Confirmation of Acceptance, dated January 21, 2011 (the “Confirmation”), in connection with the Master Agreement, \$100.0 million in Series E Senior Notes due September 15, 2018, with a fixed interest rate of 4.50% per year, were issued. The Series E Senior Notes were issued for the sole purpose of retiring the Series A Senior Notes. As of September 30, 2012, and December 31, 2011, there was an outstanding debt balance of \$150.0 million attributable to notes issued under the provisions of the Master Agreement. The Master Agreement expired on September 30, 2012 and was not extended.

On October 12, 2012, the Company entered into a Master Note Facility Agreement (the “New Master Agreement”) with another national insurance company (the “New Purchaser”). The New Purchaser also purchased Notes issued by the Company in 2004. The New Master Agreement provides for a \$125.0 million private uncommitted “shelf” facility for the issuance of unsecured senior notes over a three-year period, with interest rates that may be fixed or floating and with such maturity dates, not to exceed ten years, as the parties may determine. The New Master Agreement includes various covenants, limitations and events of default similar to the Master Agreement.

On June 12, 2008, the Company entered into an Amended and Restated Revolving Loan Agreement dated as of June 3, 2008 (the “Prior Loan Agreement”), with a national banking institution, amending and restating the Revolving Loan Agreement dated September 29, 2003, as amended (the “Revolving Agreement”), to increase the lending commitment to \$50.0 million (subject to potential increases up to \$100.0 million) and to extend the maturity date from December 20, 2011, to June 3, 2013. The Revolving Agreement initially provided for a revolving credit facility in the maximum principal amount of \$75.0 million. After a series of amendments that provided covenant exceptions for the notes issued or to be issued under the Master Agreement and relaxed or deleted certain other covenants, the maximum principal amount was reduced to \$20.0 million. At September 30, 2012 and December 31, 2011, there were no borrowings against this facility.

On January 9, 2012, the Company entered into: (1) an amended and restated revolving and term loan credit agreement (the “SunTrust Agreement”) with SunTrust Bank (“SunTrust”) that provides for (a) a \$100.0 million term loan (the “SunTrust Term Loan”) and (b) a \$50.0 million revolving line of credit (the “SunTrust Revolver”) and (2) a \$50.0 million promissory note (the “JPM Note”) in favor of JPMorgan Chase Bank, N.A. (“JPMorgan”), pursuant to a letter agreement executed by JP Morgan (together with the JPM Note, (the “JPM Agreement”) that provides for a \$50.0 million uncommitted line of credit bridge facility (the “JPM Bridge Facility”). The SunTrust Term Loan, the SunTrust Revolver and the JPM Bridge Facility were each funded on January 9, 2012, and provided the financing for the Arrowhead acquisition. The SunTrust Agreement amended and restated the Prior Loan Agreement.

The maturity date for the SunTrust Term Loan and the SunTrust Revolver is December 31, 2016, at which time all outstanding principal and unpaid interest will be due. Both the SunTrust Term Loan and the SunTrust Revolver may be increased by up to \$50.0 million (bringing the total available to \$150.0 million for the SunTrust Term Loan and \$100.0 million for the SunTrust Revolver). The calculation of interest and fees for the SunTrust Agreement is generally based on the Company’s funded debt-to-EBITDA ratio. Interest is charged at a rate equal to 1.00% to 1.40% above LIBOR or 1.00% below the Base Rate, each as more fully described in the SunTrust Agreement. Fees include an up-front fee, an availability fee of 0.175% to 0.25%, and a letter of credit margin fee of 1.00% to 1.40%. The obligations under the SunTrust Term Loan and SunTrust Revolver are unsecured and the SunTrust Agreement includes various covenants, limitations and events of default that are customary for similar facilities for similar borrowers and that are substantially similar to those contained in the Prior Loan Agreement.

The maturity date for the JPM Bridge Facility was February 3, 2012, at which time all outstanding principal and unpaid interest would have been due. On January 26, 2012, the Company entered into a term loan agreement (the “JPM Agreement”) with JPMorgan that provided for a \$100.0 million term loan (the “JPM Term Loan”). The JPM Term Loan was fully funded on January 26, 2012, and provided the financing to fully repay (1) the JPM Bridge Facility and (2) the SunTrust Revolver. As a result of the January 26, 2012 financing and repayments, the JPM Bridge Facility was terminated and the SunTrust Revolver’s amount outstanding was brought to zero.

The maturity date for the JPM Term Loan is December 31, 2016, at which time all outstanding principal and unpaid interest will be due. Interest is charged at a rate equal to the Alternative Base Rate or 1.00% above the Adjusted LIBOR Rate, each as more fully described in the JPM Agreement. Fees include an up-front fee. The obligations under the JPM Term Loan are unsecured and the JPM Agreement includes various covenants, limitations and events of default that are customary for similar facilities for similar borrowers.

[Table of Contents](#)

The 30-day LIBOR and Adjusted LIBOR Rate as of September 30, 2012 were 0.2305% and 0.25%, respectively.

The Notes, the Master Agreement, the SunTrust Agreement and the JPM Agreement all require the Company to maintain certain financial ratios and comply with certain other covenants. The Company was in compliance with all such covenants as of September 30, 2012 and December 31, 2011.

Acquisition notes payable represent debt incurred to sellers of certain insurance operations acquired by the Company. These notes and future contingent payments are payable in monthly, quarterly and annual installments through July 2013.

NOTE 9• Supplemental Disclosures of Cash Flow Information and Non-Cash Financing and Investing Activities

NOTE 10• Legal and Regulatory Proceedings

The Company is involved in numerous pending or threatened proceedings by or against Brown & Brown, Inc. or one or more of its subsidiaries that arise in the ordinary course of business. The damages that may be claimed against the Company in these various proceedings are in some cases substantial, including in many instances claims for punitive or extraordinary damages. Some of these claims and lawsuits have been resolved, others are in the process of being resolved and others are still in the investigation or discovery phase. The Company will continue to respond appropriately to these claims and lawsuits and to vigorously protect its interests.

Although the ultimate outcome of such matters cannot be ascertained and liabilities in indeterminate amounts may be imposed on Brown & Brown, Inc. or its subsidiaries, on the basis of present information, availability of insurance and legal advice, it is the opinion of management that the disposition or ultimate determination of such claims will not have a material adverse effect on the Company's consolidated financial position. However, as (i) one or more of the Company's insurance companies could take the position that portions of these claims are not covered by the Company's insurance, (ii) to the extent that payments are made to resolve claims and lawsuits, applicable insurance policy limits are eroded, and (iii) the claims and lawsuits relating to these matters are continuing to develop, it is possible that future results of operations or cash flows for any particular quarterly or annual period could be materially affected by unfavorable resolutions of these matters.

NOTE 11• Segment Information

Brown & Brown's business is divided into four reportable segments: the Retail Division, which provides a broad range of insurance products and services to commercial, public and quasi-public entities, and to professional and individual customers; the National Programs Division, which is comprised of two units: Professional Programs which provides professional liability and related package products for certain professionals delivered through nationwide networks of independent agents, and Special Programs, which markets targeted products and services designed for specific industries, trade groups, public and quasi-public entities, and market niches; the Wholesale Brokerage Division, which markets and sells excess and surplus commercial and personal lines insurance, and reinsurance, primarily through independent agents and brokers; and the Services Division, which provides insurance-related services, including third-party claims administration and comprehensive medical utilization management services in both the workers' compensation and all-lines liability arenas, as well as Medicare set-aside services and Social Security disability and Medicare benefits advocacy services. Brown & Brown conducts all of its operations within the United States of America, except for

[Table of Contents](#)

one wholesale brokerage operation based in London, England which commenced business in March 2008. This operation earned \$2.0 million and \$2.1 million of total revenues for the three months ended September 30, 2012 and 2011, respectively. This operation earned \$7.8 million and \$7.2 million of total revenues for the nine months ended September 30, 2012 and 2011, respectively. Additionally, this operation earned \$9.1 million of total revenues for the year ended December 31, 2011. Long-lived assets held outside of the United States during the nine months ended September 30, 2012 and 2011, respectively, were not material.

The accounting policies of the reportable segments are the same as those described in Note 1. Brown & Brown evaluates the performance of its segments based upon revenues and income before income taxes. Inter-segment revenues are eliminated.

Summarized financial information concerning Brown & Brown's reportable segments is shown in the following tables. The "Other" column includes any income and expenses not allocated to reportable segments and corporate-related items, including the inter-company interest expense charge to the reporting segment.

(in thousands)	For the three months ended September 30, 2012

ITEM 2 — MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

THE FOLLOWING DISCUSSION UPDATES THE MD&A CONTAINED IN THE COMPANY’S ANNUAL REPORT ON FORM 10-K FOR THE FISCAL YEAR ENDED IN 2011, AND THE TWO DISCUSSIONS SHOULD BE READ TOGETHER.

GENERAL

We are a diversified insurance agency, wholesale brokerage, insurance programs and services organization headquartered in Daytona Beach and Tampa, Florida. As an insurance intermediary, our principal sources of revenues are commissions paid by insurance companies and, to a lesser extent, fees paid directly by customers. Commission revenues generally represent a percentage of the premium paid by an insured and are materially affected by fluctuations in both premium rate levels charged by insurance companies and the insureds’ underlying “insurable exposure units,” which are units that insurance companies use to measure or express insurance exposed to risk (such as property values, sales and payroll levels) to determine what premium to charge the insured. Insurance companies establish these premium rates based upon many factors, including reinsurance rates paid by such insurance companies, none of which we control.

The volume of business from new and existing customers, fluctuations in insurable exposure units and changes in general economic and competitive conditions all affect our revenues. For example, level rates of inflation or a continuing general decline in economic activity could limit increases in the values of insurable exposure units. Conversely, the increasing costs of litigation settlements and awards have caused some customers to seek higher levels of insurance coverage. Historically, our revenues have typically grown as a result of an intense focus on net new business growth and acquisitions.

We attempt to foster a strong, decentralized sales culture with a goal of consistent, sustained growth over the long term. As of November 1, 2012, our senior leadership group included eight executive officers with regional responsibility for oversight of designated operations within the Company and five regional vice presidents, each of whom reports directly to one of our executive officers.

We increased revenues every year from 1993 to 2008. In 2009, our revenues dropped to \$967.9 million, then increased 0.6% to \$973.5 million in 2010 and 4.1% to \$1.0 billion in 2011. Our revenues grew from \$95.6 million in 1993 to \$1.0 billion in 2011, reflecting a compound annual growth rate of 14.0%. In the same period, we increased net income from \$8.0 million to \$164.0 million, a compound annual growth rate of 18.3%.

The past five years have posed significant challenges for us and for our industry in the form of a prevailing decline in insurance premium rates, commonly referred to as a “soft market”; increased significant governmental involvement in the Florida insurance marketplace since 2007, resulting in a substantial loss of revenues for us; and, beginning in the second half of 2008 and continuing throughout 2011, increased pressure on the values of insurable exposure units as the consequence of the general weakening of the economy in the United States.

From the first quarter of 2007 through the fourth quarter of 2011 we experienced negative internal revenue growth each quarter. This was due primarily to the “soft market,” and, beginning in the second half of 2008 and throughout 2011, the decline in insurable exposure units, which further reduced our commissions and fees revenue. Beginning in 2012, insurable exposure units appeared to stabilize, which, combined with some increases in insurance premium rates, created positive internal revenue growth for the first nine months of 2012. Part of the decline beginning in 2007 was the result of the increased governmental involvement in the Florida insurance marketplace, as described below in “The Florida Insurance Overview.” One industry segment that was hit especially hard during these years was the home-building industry in southern California and, to a lesser extent in Nevada, Arizona and Florida. We had a wholesale brokerage operation that focused on placing property and casualty insurance products for that home-building segment. The revenues of this operation were significantly adversely impacted during 2007 through 2009 by these national economic trends, and by 2010 these revenues were insignificant.

While insurance premium rates continued to decline for most lines of coverage during 2011, the rate of decline slowed, and in some cases premium rates increased for certain lines of coverages such as coastal property. For the first time in the last five years, we began to observe some upward pressure on general insurance premium rates. In the first quarter of 2012 and continuing through the third quarter of 2012, there was a modest and gradual increase in insurance premium rates primarily related to workers’ compensation insurance and coastal property insurance.

We also earn “profit-sharing contingent commissions,” which are profit-sharing commissions based primarily on underwriting results, but may also reflect considerations for volume, growth and/or retention. These commissions are primarily received in the first and second quarters of each year, based on the aforementioned considerations for the prior year(s). Over the last three years, profit-sharing contingent commissions have averaged approximately 5.0% of the previous year’s total commissions and fees revenue. Profit-sharing contingent commissions are typically included in our total commissions and fees in the Consolidated Statements of Income in the year received.

[Table of Contents](#)

In recent years, six national insurance companies replaced their loss-ratio based profit-sharing contingent commission calculation with a guaranteed fixed-base methodology, referred to as “Guaranteed Supplemental Commissions” (“GSCs”). Since these GSCs are not subject to the uncertainty of loss ratios, they are accrued throughout the year based on actual premium written. As of December 31, 2011, we accrued and earned \$12.1 million in GSCs during 2011, most of which was collected in the first quarter of 2012. For 2012, two of the six national insurance companies eliminated their GSC contracts and reverted back to their previous loss-ratio based profit-sharing contingent commission contracts. As a result, any profit-sharing contingent commissions earned from these companies will not be recognized until 2013. For the three-month periods ended September 30, 2012 and 2011, we earned \$2.4 million and \$3.5 million, respectively, from GSCs. For the nine-month periods ended September 30, 2012 and 2011, we earned \$7.2 million and \$9.6 million, respectively, from GSCs.

The term “core commissions and fees” excludes profit-sharing contingent commissions and GSCs, and therefore represents the revenues earned directly from specific insurance policies sold, and specific fee-based services rendered. In contrast, the term “core organic commissions and fees” is our core commissions and fees less (i) the core commissions and fees earned for the first twelve months by newly acquired operations and (ii) divested business (core commissions and fees generated from offices, books of business or niches sold or terminated during the comparable period). “Core organic commissions and fees” is designed to express the current year’s core commissions and fees on a comparable basis with the prior year’s core commissions and fees. The resulting net change reflects the aggregate changes from (i) net new and lost accounts, (ii) net changes in our clients’ exposure units, and (iii) net changes in insurance premium rates. The net changes in each of these three components can be determined for each of our customers. However, because our agency management accounting systems do not aggregate such data, it is not reportable. Core organic commissions and fees can reflect either “positive” growth with a net increase in revenues, or “negative” growth with a net decrease in revenues.

In 2010 and 2011, continued declining exposure units had a greater negative impact on our commissions and fees revenues than declining insurance premium rates. However, in the first nine months of 2012, the exposure units of many of our middle-market customers appeared to have stabilized. With a stabilizing middle-market economy and continued upward pressure on general insurance premiums, we believe that we could continue to see positive growth in our core organic commissions and fees for the remainder of 2012.

Fee revenues include fees negotiated in lieu of commissions, and are recognized as services are rendered. Fee revenues are generated primarily by: (1) our Services Division, which provides insurance-related services, including third-party claims administration and comprehensive medical utilization management services in both the workers’ compensation and all-lines liability arenas, as well as Medicare set-aside services, and Social Security disability and Medicare benefits advocacy services, and (2) our National Programs and Wholesale Brokerage Divisions, which earn fees primarily for the issuance of insurance policies on behalf of insurance companies. These services are provided over a period of time, typically one year. Fee revenues as a percentage of our total commissions and fees as of the nine months ended September 30, 2012 and 2011 represented 19.3% and 15.4%, respectively. Fee revenues, as a percentage of our annual total commissions and fees as of December 31, 2011 and 2010, represented 16.4% and 14.6%, respectively.

Historically, investment income has consisted primarily of interest earnings on premiums and advance premiums collected and held in a fiduciary capacity before being remitted to insurance companies. Our policy is to invest available funds in high-quality, short-term fixed income investment securities. As a result of the bank liquidity and solvency issues in the United States in the last quarter of 2008, we moved substantial amounts of our cash into non-interest bearing checking accounts so that they would be fully insured by the Federal Depository Insurance Corporation (“FDIC”) or into money-market investment funds (a portion of which is FDIC insured) of SunTrust and Wells Fargo, two large national banks. Investment income also includes gains and losses realized from the sale of investments.

Florida Insurance Overview

Many states have established “Residual Markets,” which are governmental or quasi-governmental insurance facilities that provide coverage to individuals and/or businesses that cannot buy insurance in the private marketplace, i.e., “insurers of last resort.” These facilities can be designed to cover any type of risk or exposure; however, the exposures most commonly subject to such facilities are automobile or high-risk property exposures. Residual Markets can also be referred to as FAIR Plans, Windstorm Pools, Joint Underwriting Associations, or may even be given names styled after the private sector like “Citizens Property Insurance Corporation” (“Citizens”) in Florida.

In August 2002, the Florida Legislature created Citizens, to be the “insurer of last resort” in Florida. Initially, Citizens charged insurance rates that were higher than those generally prevailing in the private insurance marketplace. In each of 2004 and 2005, four major hurricanes made landfall in Florida. As a result of the ensuing significant insurance property losses, Florida property insurance rates increased in 2006. To counter the higher property insurance rates, the State of Florida instructed Citizens to significantly reduce its property insurance rates beginning in January 2007. By state law, Citizens guaranteed these rates through January 1, 2010. As a result, Citizens became one of the most, if not the most, competitive risk-bearers for a large percentage of Florida’s commercial habitational coastal property exposures, such as condominiums, apartments, and certain assisted living facilities. Additionally, Citizens became the only insurance market for certain homeowner policies throughout Florida. Today, Citizens is one of the largest underwriters of coastal property exposures in Florida.

[Table of Contents](#)

In 2007, Citizens became the principal direct competitor of the insurance companies that underwrite the condominium program administered by one of our indirect subsidiaries, Florida Intracoastal Underwriters, Limited Company (“FIU”), and the excess and surplus lines insurers represented by wholesale brokers such as Hull & Company, Inc., another of our subsidiaries. Consequently, these operations lost significant amounts of revenues to Citizens. From 2008 through 2011, Citizens’ impact was not as dramatic as it had been in 2007; FIU’s core commissions and fees decreased 16.8% from 2008 through 2011. Citizens continued to be competitive against the excess and surplus lines insurers, and therefore Citizens negatively affected the revenues of our Florida-based wholesale brokerage operations, such as Hull & Company, Inc., from 2007 through 2011, although the impact has been decreasing each year.

Citizens’ impact on our Florida Retail Division was less severe than on our National Programs and Wholesale Brokerage Divisions because our retail offices have the ability to place business with Citizens, although at slightly lower commission rates and with greater difficulty than is the case with other insurance companies.

Effective January 1, 2010, Citizens raised its insurance rates, on average, 10% for properties with values of less than \$10 million, and more than 10% for properties with values in excess of \$10 million. Citizens raised its insurance rates again in 2011 and 2012. Our commission revenues from Citizens for 2011 and 2010 were approximately \$7.8 million and \$8.3 million, respectively. If, as expected, Citizens continues to attempt to reduce its insured exposures, the financial impact of Citizens on our business should continue to be reduced in 2012.

Company Overview — Third Quarter of 2012

We achieved a positive growth rate of 1.0% in our core organic commissions and fees in the third quarter of 2012, which continued the positive trend that began in the first quarter of 2012. This positive growth, which accounted for \$2.4 million of new commissions and fees, was the combined result of stabilizing exposure units in the middle-market economy and slight increases in insurance premium rates.

We also had \$41.8 million of core commissions and fees from acquisitions that had no comparable revenues in the third quarter of 2011. Of the \$41.8 million of core commissions and fees from acquisitions, \$29.3 million was attributable to our acquisition of Arrowhead General Insurance Agency Superholding Corporation (“Arrowhead”), a national insurance program manager and one of the largest managing general agents (“MGA”) in the property and casualty insurance industry. Additionally, our profit-sharing contingent commissions increased by \$4.8 million in the third quarter of 2012 over the third quarter of 2011, primarily as a result of \$4.1 million of profit-sharing contingent commissions received by Arrowhead.

Income before income taxes in the three-month period ended September 30, 2012 increased over the same period in 2011 by 12.3%, or \$9.0 million, to \$81.6 million. Of the \$9.0 million increase, \$15.4 million related to the operations of the new acquisitions that were stand-alone offices. However, partially offsetting the increase in income before income taxes from acquisitions were increases in compensation for new producers (\$0.1 million), health insurance costs (\$0.9 million), a special one-time production bonus for the 2012 year to our commissioned producers in our Retail Division (\$1.9 million) and a change in estimated acquisition earn-out payables (\$2.8 million).

Acquisitions

Approximately 37,500 independent insurance agencies are estimated to be operating in the United States. Part of our continuing business strategy is to attract high-quality insurance intermediaries to join our operations. From 1993 through the third quarter of 2012, we have acquired 432 insurance intermediary operations, excluding acquired books of business (customer accounts). Acquisition activity slowed in 2009 in part because potential sellers were unhappy with reduced agency valuations that were the consequence of lower revenues and operating profits due to the continuing “soft market” and decreasing exposure units, and therefore opted to defer the sales of their insurance agencies. The economic outlook in 2011 and 2010 improved slightly over 2009 and as a result, certain sellers viewed 2011 and 2010 as a better time in which to join our organization, and we were able to close a greater number of acquisitions.

A summary of our acquisitions for the nine months ended September 30, 2012 and 2011 is as follows (in millions, except for number of acquisitions):

For the nine months ended September 30:	Number of Acquisitions		Estimated Annual Revenues	Cash Paid	Notes Issued	Other Payable	Liabilities Assumed	Recorded Earn-out Payable	Aggregate Purchase Price
	Asset	Stock							
2012	11	1	\$ 129.3	\$443.4	\$ 0.1	\$ 25.8	\$ 135.8	\$ 15.0	\$ 620.1
2011	29	1	\$ 52.8	\$100.4	\$ 1.2	\$ —	\$ 9.4	\$ 15.5	\$ 126.5

Critical Accounting Policies

Our Condensed Consolidated Financial Statements are prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”). The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses. We continually evaluate our estimates, which are based on historical experience and on various other assumptions that we believe to be reasonable under the circumstances. These estimates form the basis for our judgments about the carrying values of our assets and liabilities, which values are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

We believe that of our significant accounting and reporting policies, the more critical policies include our accounting for revenue recognition, business acquisitions and purchase price allocations, intangible asset impairments and reserves for litigation. In particular, the accounting for these areas requires significant judgments to be made by management. Different assumptions in the application of these policies could result in material changes in our consolidated financial position or consolidated results of operations. Refer to Note 1 in the “Notes to Consolidated Financial Statements” in our Annual Report on Form 10-K for the year ended December 31, 2011 on file with the Securities and Exchange Commission (“SEC”) for details regarding our critical and significant accounting policies.

RESULTS OF OPERATIONS FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2012 AND 2011

The following discussion and analysis regarding results of operations and liquidity and capital resources should be considered in conjunction with the accompanying Condensed Consolidated Financial Statements and related Notes.

Financial information relating to our Consolidated Financial Results for the three and nine months ended September 30, 2012 and 2011 is as follows (in thousands, except percentages):

	For the three months ended September 30,			For the nine months ended September 30,		
	2012	2011	% Change	2012	2011	% Change
REVENUES						
Core commissions and fees	\$287,874	\$246,484	16.8%	\$ 844,235	\$ 716,604	17.8%

(1) NMF = Not a meaningful figure

Commissions and Fees

Commissions and fees, including profit-sharing contingent commissions and GSCs, for the third quarter of 2012 increased \$45.1 million, or 17.5%, over the same period in 2011. Profit-sharing contingent commissions and GSCs for the third quarter of 2012 increased \$3.7 million or 35.0%, from the third quarter of 2011, to \$14.4 million, due primarily to \$4.1 million of new profit-sharing contingent commissions from our Arrowhead operation. Core organic commissions and fees are our core commissions and fees, less (i) the core commissions and fees earned for the first twelve months by newly acquired operations and (ii) divested business (core commissions and fees generated from sold or terminated offices, books of business or niches). Core commissions and fees revenue for the third quarter of 2012 increased \$41.4 million on a net basis, of which approximately \$41.8 million represented core commissions and fees from agencies acquired since the fourth quarter of 2011. After divested business of \$2.8 million, the remaining net increase of \$2.4 million represented net new business, which reflects a 1.0% internal growth rate for core organic commissions and fees.

[Table of Contents](#)

Commissions and fees, including profit-sharing contingent commissions and GSCs, for the nine months ended September 30, 2012 increased \$124.2 million, or 16.2%, over the same period in 2011. Profit-sharing contingent commissions and GSCs for the nine months ended September 30, 2012 decreased \$3.5 million or 7.2%, from the first nine months of 2011, to \$44.6 million, due primarily to \$4.2 million and \$1.3 million reductions in profit-sharing contingent commissions and GSCs in our Retail and Wholesale Brokerage Divisions, respectively; but partially offset by \$2.0 million increase in our National Programs Division. Core commissions and fees revenue for the nine months ended September 30, 2012 increased \$127.6 million on a net basis, of which approximately \$124.4 million represented core commissions and fees from agencies acquired since the fourth quarter of 2011. After divested business of \$9.0 million, the remaining net increase of \$12.2 million represented net new business, which reflects a 1.7% internal growth rate for core organic commissions and fees.

Investment Income

Investment income for the three months ended September 30, 2012, decreased \$0.1 million, or 24.6%, from the same period in 2011. Investment income for the nine months ended September 30, 2012, decreased \$0.4 million, or 39.9%, from the same period in 2011. These decreases are the result of lower average invested balances in 2012, primarily due to the use of our cash for recent acquisitions.

Other Income, net

Other income for the three months ended September 30, 2012, reflected income of \$1.3 million, compared with \$2.9 million in the same period in 2011. Other income for the nine months ended September 30, 2012, reflected income of \$7.9 million, compared with \$3.9 million in the same period in 2011. Other income consists primarily of gains and losses from the sale and disposition of assets. Although we are not in the business of selling customer accounts, we periodically will sell an office or a book of business (one or more customer accounts) that we believe does not produce reasonable margins or demonstrate a potential for growth, or when doing so is otherwise in the Company's interest. The \$1.6 million decrease for the three months ended September 30, 2012 from the comparable period of 2011 is primarily due to proceeds received in a settlement of a lawsuit in the third quarter of 2011. Of the \$4.0 million increase for the nine months ended September 30, 2012 over the comparable period of 2011, \$1.9 million represented gains on the sale of books of business and \$1.4 million related to a net increase in legal settlements that we received on the enforcement of non-piracy covenants in our employment agreements in 2012 over the amounts that we received in 2011.

Employee Compensation and Benefits

Employee compensation and benefits expense as a percentage of total revenues increased to 49.3% for the three months ended September 30, 2012, over the 48.7% for the three months ended September 30, 2011. Employee compensation and benefits for the third quarter of 2012 increased, on a net basis, approximately 18.0%, or \$22.8 million, over the same period in 2011. However, that net increase included \$18.2 million of new compensation costs related to new acquisitions that were stand-alone offices. Therefore, employee compensation and benefits expense attributable to those offices that existed in the same three-month period ended September 30, 2012 and 2011 (including the new acquisitions that combined with, or "folded into" those offices) increased by \$4.6 million. The employee compensation and benefits expense increases in these offices were primarily related to a special one-time, 2012 production bonus to be paid to our commissioned producers in our Retail Division (\$1.9 million), an increase in profit center and other incentive bonuses (\$1.0 million), an increase in our group health insurance costs (\$0.9 million), and an increase in producers and staff salaries (\$0.8 million). The 2012 special one-time production bonus will be paid in the first quarter of 2013 to commissioned producers in our Retail Division who grow their 2012 annual production by more than 5% over their 2011 annual production in the amount of 5% of their 2012 annual production. We estimate the cost of this production bonus in 2012 will be approximately \$6.0 million to \$8.0 million.

Employee compensation and benefits expense as a percentage of total revenues increased to 50.2% for the nine months ended September 30, 2012, over the 49.3% for the nine months ended September 30, 2011. Employee compensation and benefits for the nine months ended September 30, 2012 increased, on a net basis, approximately 18.7%, or \$70.8 million, over the same period in 2011. However, that net increase included \$57.7 million of new compensation costs related to new acquisitions that were stand-alone offices. Therefore, employee compensation and benefits expense attributable to those offices that existed in the same nine-month period ended September 30, 2012 and 2011 (including the new acquisitions that combined with, or "folded into" those offices) increased by \$13.1 million. The employee compensation and benefits expense increases in these offices were primarily related to the special one-time, 2012 production bonus to be paid to our commissioned producers in our Retail Division (\$4.7 million), an increase in profit center and other incentive bonuses (\$2.9 million), an increase in our group health insurance costs (\$2.0 million), an increase in producers and staff salaries (\$1.7 million), and an increase in related payroll taxes (\$1.3 million).

Non-Cash Stock-Based Compensation

The Company has an employee stock purchase plan, and grants stock options and non-vested stock awards under other equity-based plans to its employees. Compensation expense for all share-based awards is recognized in the financial statements based upon the grant-date fair value of those awards. Non-cash stock-based compensation expense for the three months ended September 30, 2012 increased \$1.1 million, or 36.8%, over the same period in 2011. Non-cash stock-based compensation expense for the nine months ended September 30, 2012 increased \$3.1 million, or 36.6%, over the same period in 2011. These increases were the result of new grants issued in January 2012 under our Stock Incentive Plan (“SIP”).

Other Operating Expenses

As a percentage of total revenues, other operating expenses represented 14.4% in the third quarter of 2012, a decrease from the 14.8% for the third quarter of 2011. Other operating expenses for the third quarter of 2012 increased \$5.3 million, or 13.9%, over the same period of 2011. Of this change, (a) \$7.8 million increase related to acquisitions that joined us as stand-alone offices since July 2011, (b) a \$2.5 million decrease related to other operating expenses from those offices that existed in both the three-month periods ended September 30, 2012 and 2011 (including the new acquisitions that “folded into” those offices) (of this decrease, \$1.3 million, \$1.1 million, and \$1.0 million related to decreases in legal cost, claims and E&O charges and office rents, respectively), and (c) a \$0.9 million increase in other miscellaneous net additional costs.

Other operating expenses represented 14.4% of total revenues for the nine months ended September 30, 2012, an increase over the 14.2% ratio for the nine months ended September 30, 2011. Other operating expenses for the nine months ended September 30, 2012 increased \$19.9 million, or 18.2%, over the same period of 2011. Of this increase, (a) a \$23.4 million related to acquisitions that joined us as stand-alone offices since February 2011, (b) a \$3.5 million decrease related to other operating expenses from those offices that existed in both the nine-month periods ended September 30, 2012 and 2011 (including the new acquisitions that “folded into” those offices) (of the \$3.5 million decrease, \$1.9 million, \$2.1 million, and \$2.4 million related to decreases in legal cost, claims and E&O charges and office rents, respectively), and (c) a \$2.9 million increase in other miscellaneous net additional costs.

Amortization

Amortization expense for the third quarter of 2012 increased \$2.2 million, or 16.3%, over the third quarter of 2011. Amortization expense for the nine months ended September 30, 2012, increased \$6.7 million, or 16.3%, over the first nine months of 2011. These increases are primarily due to the amortization of additional intangible assets as the result of recent acquisitions.

Depreciation

Depreciation expense for the third quarter of 2012 increased \$0.9 million, or 29.3%, over the third quarter of 2011. Depreciation expense for the nine months ended September 30, 2012, increased \$2.1 million, or 22.7%, over the nine months ended September 30, 2011. These increases are due primarily to the addition of fixed assets as a result of recent acquisitions.

Interest Expense

Interest expense for the third quarter of 2012 increased \$0.4 million, or 12.4%, over the third quarter of 2011. Interest expense for the nine months ended September 30, 2012 increased \$1.3 million, or 12.2%, over the same period in 2011. These increases are the result of additional debt borrowed in connection with our acquisition of Arrowhead.

Change in Estimated Acquisition Earn-out Payables

As of September 30, 2012, the fair values of the estimated acquisition earn-out payables were re-evaluated and measured at fair value on a recurring basis using unobservable inputs (Level 3). The resulting net changes, as well as the interest expense accretion on the estimated acquisition earn-out payables, for the three and nine months ended September 30, 2012 and 2011, were as follows:

(in thousands)	For the three months ended September 30,		For the nine months ended September 30,	
	2012	2011	2012	2011
Net change in earnings from estimated acquisition earn-out payables:				
Change in fair value on estimated acquisition earn-out payables	\$ 240	\$ (1,286)	\$(1,966)	\$ (697)
Interest expense accretion	618	476	1,832	1,353
Net change in earnings from estimated acquisition earn-out payables	<u>\$ 858</u>	<u>\$ (810)</u>	<u>\$ (134)</u>	<u>\$ 656</u>

[Table of Contents](#)

For the three months ended September 30, 2012, and 2011, the fair value of the estimated earn-out payables was re-evaluated and increased by \$0.2 million and decreased by \$1.3 million, respectively, which resulted in a charge and a credit to the Condensed Consolidated Statement of Income, respectively. For the nine months ended September 30, 2012, and 2011, the fair value of the estimated earn-out payables was re-evaluated and decreased by \$2.0 million and by \$0.7 million, respectively, which resulted in credits to the Condensed Consolidated Statement of Income. Additionally, the interest expense accretion (included in the amounts above) to the Condensed Consolidated Statement of Income for the three months ended September 30, 2012, and 2011 was \$0.6 million and \$0.5 million, respectively. The interest expense accretion (included in the amounts above) to the Condensed Consolidated Statement of Income for the nine months ended September 30, 2012, and 2011 was \$1.8 million and \$1.4 million, respectively.

RESULTS OF OPERATIONS — SEGMENT INFORMATION

As discussed in Note 11 of the Notes to Condensed Consolidated Financial Statements, we operate four reportable segments or divisions: the Retail, National Programs, Wholesale Brokerage, and Services Divisions. On a divisional basis, increases in amortization, depreciation and interest expenses result from completed acquisitions within a given division in a particular year. Likewise, other income in each division primarily reflects net gains on sales of customer accounts and fixed assets. As such, in evaluating the operational efficiency of a division, management places emphasis on the net internal growth rate of core organic commissions and fees revenues, the gradual improvement of the ratio of total employee compensation and benefits expenses to total revenues, and the gradual improvement of the ratio of other operating expenses to total revenues.

The term “core commissions and fees” excludes profit-sharing contingent commissions and GSCs, and therefore represents the revenues earned directly from specific insurance policies sold, and specific fee-based services rendered. In contrast, the term “core organic commissions and fees” is our core commissions and fees less (i) the core commissions and fees earned for the first twelve months by newly acquired operations and (ii) divested business (core commissions and fees generated from offices, books of business or niches sold or terminated during the comparable period). Core organic commissions and fees attempts to express the current year’s core commissions and fees on a comparable basis with the prior year’s core commissions and fees. The resulting net change reflects the aggregate changes attributable to (i) net new and lost accounts, (ii) net changes in our clients’ exposure units, and (iii) net changes in insurance premium rates. The net changes in each of these three components can be determined for each of our customers. However, because our agency management accounting systems do not aggregate such data, it is not reportable. Core organic commissions and fees reflect either “positive” growth with a net increase in revenues, or “negative” growth with a net decrease in revenues.

The internal growth rates for our core organic commissions and fees for the three months ended September 30, 2012, and 2011, by Division, are as follows (in thousands, except percentages):

2012	For the three months ended September 30,		Total Net Change	Total Net Growth %	Less Acquisition Revenues	Internal Net Growth \$	Internal Net Growth %
	2012	2011					
Retail ⁽¹⁾	\$ 153,702	\$ 143,681	\$ 10,021	7.0%	\$ 8,593	\$ 1,428	1.0%
National Programs	62,406	42,265	20,141	47.7%	21,536	(1,395)	(3.3)%
Wholesale Brokerage	43,200	41,192	2,008	4.9%	868	1,140	2.8%
Services	28,566	16,450	12,116	73.7%	10,845	1,271	7.7%

[Table of Contents](#)

Retail Division

The Retail Division provides a broad range of insurance products and services to commercial, public and quasi-public, professional and individual insured customers. More than 96.0% of the Retail Division's commissions and fees revenues are commission-based. Because the majority of our operating expenses do not change as premiums fluctuate, we believe that most of any fluctuation in the commissions (net of related producer compensation and bonuses) that we receive will be reflected in our pre-tax income.

Financial information relating to Brown & Brown's Retail Division for the three and nine months ended September 30, 2012, and 2011 is as follows (in thousands, except percentages):

	For the three months ended September 30,			For the nine months ended September 30,

(1) NMF = Not a meaningful figure

The Retail Division's total revenues during the three months ended September 30, 2012, increased 4.0%, or \$6.1 million, over the same period in 2011, to \$157.8 million. Profit-sharing contingent commissions and GSCs for the third quarter of 2012 decreased \$1.5 million, or 30.8%, from the third quarter of 2011, to \$3.4 million. The \$7.4 million net increase in core commissions and fees revenue resulted from the following factors: (i) an increase of approximately \$8.6 million related to the core commissions and fees revenues from acquisitions that had no comparable revenues in the same period of 2011; (ii) a decrease of \$2.6 million related to commissions and fees revenues recorded in the third quarter of 2011 from business divested during 2012; and (iii) the remaining net increase of \$1.4 million primarily related to net new business. The Retail Division's internal growth rate for core organic commissions and fees revenue was 1.0% for the third quarter of 2012, and was driven primarily by stabilizing insurable exposure units with slightly stronger upward pressure on general insurance premium rates.

Income before income taxes for the three months ended September 30, 2012, decreased 4.7%, or \$1.7 million, from the same period in 2011, to \$34.9 million. This decrease was primarily due to a \$3.6 million change in estimated acquisition earn-out payables, but partially offset by the net new business. Additionally, there were continued improved efficiencies relating to certain other operating expenses, such as data processing, insurance, legal, claims and settlements, and office rent expenses. However, commissioned producer compensation increased \$1.9 million for the three months ended September 30, 2012 over the same period in 2011 as a result of a special one-time program whereby our commissioned producers are eligible for an extra 5% commission on their 2012 production results if their 2012 production exceeds their 2011 production by at least 5%.

[Table of Contents](#)

The Retail Division's total revenues during the nine months ended September 30, 2012, increased 5.3%, or \$24.4 million, over the same period in 2011, to \$487.0 million. Profit-sharing contingent commissions and GSCs for the nine months ended September 30, 2012 decreased \$4.1 million, or 18.9%, from the same period of 2011, to \$17.6 million, primarily as a result of increased loss ratios at our insurance carrier partners and two national insurance companies replacing their GSC contracts with contingent commission contracts. The \$26.2 million net increase in core commissions and fees revenue resulted from the following factors: (i) an increase of approximately \$32.6 million related to the core commissions and fees revenues from acquisitions that had no comparable revenues in the same period of 2011; (ii) a decrease of \$7.3 million related to commissions and fees revenues recorded in the nine-month period ended September 30, 2011 from business divested during 2012; and (iii) the remaining net increase of \$0.9 million primarily related to net new business. The Retail Division's positive internal growth rate for core organic commissions and fees revenue was 0.2% for the nine months ended September 30, 2012, and was driven by stabilizing insurable exposure units with slightly stronger upward pressure on general insurance premium rates. Virtually all of the \$2.3 million increase in Other Income for the nine months ended September 30, 2012 over the comparable period of 2011 represented gains on the sale of books of business.

Income before income taxes for the nine months ended September 30, 2012, increased 2.6%, or \$2.8 million, over the same period in 2011, to \$111.0 million. This increase was primarily due to the core commissions and fees generated by new acquisitions. Additionally, there were continued improved efficiencies relating to certain other operating expenses, such as data processing, insurance, legal, claims and settlements, postage and office rent expenses. However, commissioned producer compensation increased \$4.7 million for the nine months ended September 30, 2012 over the same period in 2011 as a result of a special one-time program whereby our commissioned producers are eligible for an extra 5% commission on their 2012 production results if their 2012 production exceeds their 2011 production by at least 5%.

National Programs Division

The National Programs Division is comprised of two units: Professional Programs, which provides professional liability and related package products for certain professionals delivered through nationwide networks of independent agents; and Special Programs, which markets targeted products and services designated for specific industries, trade groups, public and quasi-public entities and market niches. Like the Retail and Wholesale Brokerage Divisions, the National Programs Division's revenues are primarily commission-based.

Financial information relating to our National Programs Division for the three and nine months ended September 30, 2012, and 2011, is as follows (in thousands, except percentages):

(1) NMF = Not a meaningful figure

Total revenues for National Programs for the three months ended September 30, 2012, increased 58.8%, or \$24.8 million, over the same period in 2011, to \$66.8 million. Profit-sharing contingent commissions and GSCs for the third quarter of 2012 increased \$4.3 million over the third quarter of 2011 primarily due to profit-sharing contingent commissions earned at our Arrowhead operation. The \$20.1 million net increase in core commissions and fees revenue resulted from the following factors: (i) an increase of approximately \$21.5 million related to the core commissions and fees revenues from acquisitions that had no comparable revenues in the same period of 2011; and (ii) the remaining net decrease of \$1.4 million primarily related to net lost business. The National Programs Division's negative internal growth rate for core organic commissions and fees revenue was (3.3)% for the three months ended September 30, 2012. Of the \$1.4 million of net lost business, \$0.9 million related to lost facultative reinsurance contract for a carrier that opted to absorb more risk than it has done in the past, \$0.9 million related primarily to a lower number of open claims files related to our program operation that provides errors and omissions coverage to the financial services industry, and \$0.3 million related to a net decrease in commissions and fees revenues at Proctor that are expected to be recognized in the fourth quarter of 2012, with the remaining \$0.7 million of net new business generated by various other programs.

Income before income taxes for the three months ended September 30, 2012 increased 6.6%, or \$1.1 million, over the same period in 2011, to \$18.0 million. This net increase was primarily due to new acquisitions, but was partially offset by a \$3.4 million reduction in income before income taxes earned by offices that existed in both three-month periods ended September 30, 2012 and 2011. Income before income taxes and inter-company interest expense related to new acquisitions that were stand-alone offices (primarily the Arrowhead acquisition) that had no comparable earnings in the same period of 2011 was approximately \$10.9 million; however those earnings were offset by \$5.6 million of inter-company interest expense allocation.

Total revenues for National Programs for the nine months ended September 30, 2012, increased 53.4%, or \$64.2 million, over the same period in 2011, to \$184.4 million. Profit-sharing contingent commissions and GSCs for the nine months ended September 30, 2012 increased \$2.0 million from the same period of 2011 due primarily to contingent commissions earned at our Arrowhead operation. The \$61.4 million net increase in core commissions and fees revenue represented: (i) an increase of approximately \$60.3 million attributable to the core commissions and fees revenues from acquisitions that had no comparable revenues in the same period of 2011; and (ii) the remaining net increase of \$1.1 million primarily related to net new business. The National Programs Division's internal growth rate for core organic commissions and fees revenue was 1.0% for the nine months ended September 30, 2012. Of the \$1.1 million of net new business, \$1.8 million related to a net increase in commissions and fees revenues at Proctor, which was partially offset by \$1.0 million net lost business in our facultative reinsurance facility, and the remaining \$0.3 million of net new business was generated by various other programs.

Income before income taxes for the nine months ended September 30, 2012 decreased 2.5%, or \$1.1 million, from the same period in 2011, to \$43.2 million. This net decrease was due to: (i) a reduction of \$5.7 million from the offices that existed in both nine-month periods ended September 30, 2012 and 2011, primarily as a result of reduced profit-sharing contingent commissions of \$2.2 million and increased compensation expense mainly related to increased staffing levels at Proctor, (ii) income before income taxes and change in estimated acquisition earn-out payables of \$2.9 million related to new acquisitions, and (iii) a \$1.7 million income credit generated from the change in estimated acquisition earn-out payables. Income before income taxes and inter-company interest expense related to new acquisitions that were stand-alone offices (primarily the Arrowhead acquisition) that had no comparable earnings in the same period of 2011 was approximately \$22.9 million for the nine months ended September 30, 2012; however those earnings were partially offset by \$16.3 million of inter-company interest expense allocation.

Wholesale Brokerage Division

The Wholesale Brokerage Division markets and sells excess and surplus commercial and personal lines insurance and reinsurance, primarily through independent agents and brokers. Like the Retail and National Programs Divisions, the Wholesale Brokerage Division's revenues are primarily commission-based.

Financial information relating to our Wholesale Brokerage Division for the three and nine months ended September 30, 2012 and 2011 is as follows (in thousands, except percentages):

	For the three months ended September 30,			For the nine months ended September 30,

Capital expenditures	\$ 471	\$ 235		\$ 2,357	\$ 1,852	
Total assets at September 30, 2012 and 2011				\$784,736	\$718,026	

The Wholesale Brokerage Division's total revenues for the three months ended September 30, 2012, increased 4.8%, or \$2.3 million, over the same period in 2011, to \$50.5 million. Profit-sharing contingent commissions and GSCs for the third quarter of 2012 increased \$1.0 million over the same quarter of 2011, primarily due to improved loss ratios at our insurance carrier partners. The \$1.6 million net increase in core commissions and fees revenue resulted from the following factors: (i) an increase of approximately \$0.9 million related to the core commissions and fees revenues from acquisitions that had no comparable revenues in the same period of 2011; (ii) a decrease of \$0.4 million related to commissions and fees revenues recorded in the third quarter of 2011 from business divested during 2012; and (iii) the remaining net increase of \$1.1 million primarily related to net new business and continued increases in premium rates on many lines of insurance, but primarily on coastal property. As such, the Wholesale Brokerage Division's internal growth rate for core organic commissions and fees revenue was 2.8% for the third quarter of 2012.

Income before income taxes for the three months ended September 30, 2012, increased 20.2%, or \$2.6 million, over the same period in 2011, to \$15.7 million, primarily due to \$1.1 million of net new business, a \$1.0 million increase in profit-sharing contingent commissions and a net reduction in the inter-company interest expense allocation of \$0.9 million. Additionally, employee compensation and benefits cost increased \$0.3 million primarily due to higher bonus expense as a result of the Division's increased profitability.

The Wholesale Brokerage Division's total revenues for the nine months ended September 30, 2012 increased 4.1%, or \$5.6 million, over the same period in 2011, to \$141.3 million. Profit-sharing contingent commissions and GSCs for the nine months

[Table of Contents](#)

ended September 30, 2012 decreased \$1.3 million from the same period of 2011, primarily due to developed losses and increased loss ratios at our insurance carrier partners. Of the \$7.1 million net increase in core commissions and fees revenue: (i) an increase of approximately \$1.9 million related to the core commissions and fees revenues from acquisitions that had no comparable revenues in the same period of 2011; (ii) a decrease of \$1.3 million related to commissions and fees revenues recorded in the first nine months of 2011 from business divested during 2012; and (iii) the remaining net increase of \$6.5 million primarily related to net new business and continued increases in premium rates on many lines of insurance, but primarily on coastal property. As such, the Wholesale Brokerage Division's internal growth rate for core commissions and fees revenue was 5.4% for the nine months ended September 30, 2012.

Income before income taxes for the nine months ended September 30, 2012, increased 15.5%, or \$4.8 million, over the same period in 2011, to \$35.8 million, primarily due to a net reduction in the inter-company interest expense allocation of \$2.9 million. Additionally, while total revenues increased by \$5.6 million, employee compensation and benefits cost increased \$2.8 million, and other operating expenses increased by \$1.4 million. Employee compensation and benefit expense increased primarily due to higher bonus expense as a result of the Division's increased profitability, and \$0.8 million in new producer salaries. Other operating expenses increased as a result of higher costs for data processing, telephone and inter-company overhead charges.

Services Division

The Services Division provides insurance-related services, including third-party claims administration and comprehensive medical utilization management services in both the workers' compensation and all-lines liability arenas, as well as Medicare set-aside services and Social Security disability advocacy services. Unlike our other segments, approximately 99.8% of the Services Division's 2011 commissions and fees revenues are generated from fees, which are not significantly affected by fluctuations in general insurance premiums.

Financial information relating to our Services Division for the three and nine months ended September 30, 2012, and 2011, is as follows (in thousands, except percentages):

	For the three months ended September 30,			For the nine months ended September 30,

[Table of Contents](#)

The Services Division's total revenues for the three months ended September 30, 2012 increased 66.6%, or \$11.5 million, over the same period in 2011, to \$28.7 million. The \$12.1 million net increase in core commissions and fees revenue resulted from the following factors: (i) an increase of approximately \$10.8 million related to the core commissions and fees revenues from the third-party claims administration business acquired as part of the Arrowhead acquisition, as well as an additional acquisition of a property and casualty claims administration operation, neither of which had comparable revenues in the same period of 2011; and (ii) net new business of \$1.3 million. As such, the Services Division's internal growth rate for core organic commissions and fees revenue was 7.7% for the third quarter of 2012.

Income before income taxes for the three months ended September 30, 2012 increased 247.0%, or \$2.1 million, over the same period in 2011, to \$2.9 million. This net increase was due to: (i) a decrease of \$0.1 million from the offices that existed in both three-month periods ended September 30, 2012 and 2011, which was primarily due to an \$0.8 million reduction in other income, (ii) a net loss before income taxes of \$0.3 million related to new acquisitions, and (iii) a \$2.5 million income credit generated from the change in estimated acquisition earn-out payables. Income before income taxes and inter-company interest expense related to new acquisitions that were stand-alone offices (primarily from the Arrowhead acquisition) that had no comparable earnings in the same period of 2011 was approximately \$1.4 million for the three months ended September 30, 2012; however those earnings were offset by \$1.7 million of inter-company interest expense allocation.

The Services Division's total revenues for the nine months ended September 30, 2012, increased 66.0%, or \$32.7 million, over the same period in 2011, to \$82.2 million. The \$33.5 million net increase in core commissions and fees revenue resulted from the following factors: (i) an increase of approximately \$29.7 million related to the core commissions and fees revenues from the third-party claims administration business acquired as part of the Arrowhead acquisition, as well as an additional acquisition of a property and casualty claims administration operation, neither of which had comparable revenues in the same period of 2011; and (ii) net new business of \$3.8 million. As such, the Services Division's internal growth rate for core organic commissions and fees revenue was 7.8% for the nine months ended September 30, 2012.

One of our subsidiaries that provides flood claim adjusting services should see increased revenues as a result of weather conditions caused by Hurricane Sandy in late October 2012.

Income before income taxes for the nine months ended September 30, 2012 increased 65.3%, or \$3.4 million, over the same period in 2011, to \$8.5 million. This net increase was due to: (i) an increase of \$1.3 million from the offices that existed in both nine-month periods ended September 30, 2012 and 2011, primarily as a result net new business, (ii) a net loss before income taxes of \$2.4 million related to new acquisitions, and (iii) a \$4.5 million income credit generated from the change in estimated acquisition earn-out payables. Income before income taxes and inter-company interest expense related to new acquisitions that were stand-alone offices (primarily from the Arrowhead acquisition) that had no comparable earnings in the same period of 2011 was approximately \$2.7 million for the nine months ended September 30, 2012; however those earnings were offset by \$5.1 million of inter-company interest expense allocation.

Other

As discussed in Note 11 of the Notes to Condensed Consolidated Financial Statements, the "Other" column in the Segment Information table includes any income and expenses not allocated to reportable segments, and corporate-related items, including the inter-company interest expense charges to reporting segments.

LIQUIDITY AND CAPITAL RESOURCES

Our cash and cash equivalents of \$244.6 million at September 30, 2012, reflected a decrease of \$41.7 million from the \$286.3 million balance at December 31, 2011. For the nine-month period ended September 30, 2012, \$189.0 million of cash was provided from operating activities. Also during this period, \$384.6 million of cash was used for acquisitions, \$18.9 million was used for additions to fixed assets, \$200.0 million was provided from proceeds received on new long-term debt, and \$36.6 million was used for payment of dividends.

Our ratio of current assets to current liabilities (the "current ratio") was 1.26 and 1.47 at September 30, 2012, and December 31, 2011, respectively.

[Table of Contents](#)

Contractual Cash Obligations

As of September 30, 2012, our contractual cash obligations were as follows:

(in thousands)	Payments Due by Period				
	Total	Less Than 1 Year	1-3 Years	4-5 Years	After 5 Years
Long-term debt	\$450,093	\$ 93	\$125,000	\$225,000	\$100,000
Other liabilities ⁽¹⁾	45,296	23,137	15,972	3,868	2,319
Operating leases	134,616	29,246	49,161	32,396	23,813
Interest obligations	57,462	15,852	23,407	13,890	4,313
Unrecognized tax benefits	553	—	553	—	—
Maximum future acquisition contingency payments ⁽²⁾	148,950	44,362	102,731	1,857	—
Total contractual cash obligations	\$836,970	\$112,690	\$316,824	\$277,011	\$130,445

(1) Includes the current portion of other long-term liabilities.

(2) Includes \$58.2 million of current and non-current estimated earn-out payables resulting from acquisitions consummated after January 1, 2009.

In July 2004, we completed a private placement of \$200.0 million of unsecured senior notes (the “Notes”). The \$200.0 million was divided into two series: (1) Series A, which closed on September 15, 2004, for \$100.0 million due in 2011 and bearing interest at 5.57% per year; and (2) Series B, which closed on July 15, 2004, for \$100.0 million due in 2014 and bearing interest at 6.08% per year. Brown & Brown has used the proceeds from the Notes for general corporate purposes, including acquisitions and repayment of existing debt. On September 15, 2011, the \$100.0 million of Series A Notes were redeemed on their normal maturity date. As of September 30, 2012 and December 31, 2011, there was an outstanding balance on the Notes of \$100.0 million.

On December 22, 2006, we entered into a Master Shelf and Note Purchase Agreement (the “Master Agreement”) with a national insurance company (the “Purchaser”). On September 30, 2009, we and the Purchaser amended the Master Agreement to extend the term of the agreement until August 20, 2012. The Purchaser also purchased Notes issued by us in 2004. The Master Agreement provides for a \$200.0 million private uncommitted “shelf” facility for the issuance of senior unsecured notes over a three-year period, with interest rates that may be fixed or floating and with such maturity dates, not to exceed ten years, as the parties may determine. The Master Agreement includes various covenants, limitations and events of default similar to the Notes issued in 2004. The initial issuance of notes under the Master Agreement occurred on December 22, 2006, through the issuance of \$25.0 million in Series C Senior Notes due December 22, 2016, with a fixed interest rate of 5.66% per year. On February 1, 2008, \$25.0 million in Series D Senior Notes due January 15, 2015, with a fixed interest rate of 5.37% per year, were issued. On September 15, 2011, and pursuant to a Confirmation of Acceptance, dated January 21, 2011 (the “Confirmation”), in connection with the Master Agreement, \$100.0 million in Series E Senior Notes due September 15, 2018, with a fixed interest rate of 4.50% per year, were issued. The Series E Senior Notes were issued for the sole purpose of retiring the Series A Senior Notes. As of September 30, 2012, and December 31, 2011, there was an outstanding debt balance of \$150.0 million attributable to notes issued under the provisions of the Master Agreement. The Master Agreement expired on September 30, 2012 and was not extended.

On October 12, 2012, the Company entered into a Master Note Facility Agreement (the “New Master Agreement”) with another national insurance company (the “New Purchaser”). The New Purchaser also purchased Notes issued by the Company in 2004. The New Master Agreement provides for a \$125.0 million private uncommitted “shelf” facility for the issuance of unsecured senior notes over a three-year period, with interest rates that may be fixed or floating and with such maturity dates, not to exceed ten years, as the parties may determine. The New Master Agreement includes various covenants, limitations and events of default similar to the Master Agreement.

On June 12, 2008, we entered into an Amended and Restated Revolving Loan Agreement dated as of June 3, 2008 (the “Prior Loan Agreement”), with a national banking institution, amending and restating the Revolving Loan Agreement dated September 29, 2003, as amended (the “Revolving Agreement”), to increase the lending commitment to \$50.0 million (subject to potential increases up to \$100.0 million) and to extend the maturity date from December 20, 2011, to June 3, 2013. The Revolving Agreement initially provided for a revolving credit facility in the maximum principal amount of \$75.0 million. After a series of amendments that provided covenant exceptions for the notes issued or to be issued under the Master Agreement and relaxed or deleted certain other covenants, the maximum principal amount was reduced to \$20.0 million. At September 30, 2012 and December 31, 2011, there were no borrowings against this facility.

[Table of Contents](#)

On January 9, 2012, we entered into: (1) an amended and restated revolving and term loan credit agreement (the “SunTrust Agreement”) with SunTrust Bank (“SunTrust”) that provides for (a) a \$100.0 million term loan (the “SunTrust Term Loan”) and (b) a \$50.0 million revolving line of credit (the “SunTrust Revolver”) and (2) a \$50.0 million promissory note (the “JPM Note”) in favor of JPMorgan Chase Bank, N.A. (“JPMorgan”), pursuant to a letter agreement executed by JP Morgan (together with the JPM Note, (the “JPM Agreement”) that provides for a \$50.0 million uncommitted line of credit bridge facility (the “JPM Bridge Facility”). The SunTrust Term Loan, the SunTrust Revolver and the JPM Bridge Facility were each funded on January 9, 2012, and provided the financing for the Arrowhead acquisition. The SunTrust Agreement amended and restated the Prior Loan Agreement.

The maturity date for the SunTrust Term Loan and the SunTrust Revolver is December 31, 2016, at which time all outstanding principal and unpaid interest will be due. Both the SunTrust Term Loan and the SunTrust Revolver may be increased by up to \$50.0 million (bringing the total available to \$150.0 million for the SunTrust Term Loan and \$100.0 million for the SunTrust Revolver). The calculation of interest and fees for the SunTrust Agreement is generally based on our funded debt-to-EBITDA ratio. Interest is charged at a rate equal to 1.00% to 1.40% above LIBOR or 1.00% below the Base Rate, each as more fully described in the SunTrust Agreement. Fees include an up-front fee, an availability fee of 0.175% to 0.25%, and a letter of credit margin fee of 1.00% to 1.40%. The obligations under the SunTrust Term Loan and SunTrust Revolver are unsecured and the SunTrust Agreement includes various covenants, limitations and events of default that are customary for similar facilities for similar borrowers and that are substantially similar to those contained in the Prior Loan Agreement.

The maturity date for the JPM Bridge Facility was February 3, 2012, at which time all outstanding principal and unpaid interest would have been due. On January 26, 2012, we entered into a term loan agreement (the “JPM Agreement”) with JPMorgan that provided for a \$100.0 million term loan (the “JPM Term Loan”). The JPM Term Loan was fully funded on January 26, 2012, and provided the financing to fully repay (1) the JPM Bridge Facility and (2) the SunTrust Revolver. As a result of the January 26, 2012 financing and repayments, the JPM Bridge Facility was terminated and the SunTrust Revolver’s amount outstanding was brought to zero.

The maturity date for the JPM Term Loan is December 31, 2016, at which time all outstanding principal and unpaid interest will be due. Interest is charged at a rate equal to the Alternative Base Rate or 1.00% above the Adjusted LIBOR Rate, each as more fully described in the JPM Agreement. Fees include an up-front fee. The obligations under the JPM Term Loan are unsecured and the JPM Agreement includes various covenants, limitations and events of default that are customary for similar facilities for similar borrowers.

The 30-day LIBOR and Adjusted LIBOR Rate as of September 30, 2012 were 0.2305% and 0.25%, respectively.

The Notes, the Master Agreement, the SunTrust Agreement and the JPM Agreement all require that we maintain certain financial ratios and comply with certain other covenants. We were in compliance with all such covenants as of September 30, 2012 and December 31, 2011.

Neither we nor our subsidiaries have ever incurred off-balance sheet obligations through the use of, or investment in, off-balance sheet derivative financial instruments or structured finance or special purpose entities organized as corporations, partnerships or limited liability companies or trusts.

We believe that our existing cash, cash equivalents, short-term investment portfolio and funds generated from operations, together with our Notes, the Master Agreement, the SunTrust Agreement and the JPM Agreement, will be sufficient to satisfy our normal liquidity needs through at least the next 12 months. Additionally, we believe that funds generated from future operations will be sufficient to satisfy our normal liquidity needs, including the required annual principal payments on our long-term debt.

Historically, much of our cash has been used for acquisitions. If additional acquisition opportunities should become available that exceed our current cash flow, we believe that given our relatively low debt-to-total-capitalization ratio, we would be able to raise additional capital through either the private or public debt markets.

For further discussion of our cash management and risk management policies, see “Quantitative and Qualitative Disclosures About Market Risk.”

The shelf registration statement with the SEC registering the potential sale of an indeterminate amount of debt and equity securities in the future, from time to time, to augment our liquidity and capital resources expired March 2012. We intend to file a new shelf registration statement at some point within the next year.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market risk is the potential loss arising from adverse changes in market rates and prices, such as interest rates and equity prices. We are exposed to market risk through our investments, revolving credit line and term loan agreements.

Our invested assets are held as cash and cash equivalents, restricted cash and investments, available-for-sale marketable equity securities, non-marketable equity securities and certificates of deposit. These investments are subject to interest rate risk and equity price risk. The fair values of our cash and cash equivalents, restricted cash and investments, and certificates of deposit at September 30, 2012, and December 31, 2011, approximated their respective carrying values due to their short-term duration and therefore, such market risk is not considered to be material.

[Table of Contents](#)

We do not actively invest or trade in equity securities. In addition, we generally dispose of any significant equity securities received in conjunction with an acquisition shortly after the acquisition date.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

We carried out an evaluation (the "Evaluation") required by Rules 13a-15 and 15d-15 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), under the supervision and with the participation of our Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO"), of the effectiveness of our disclosure controls and procedures as defined in Rule 13a-15 and 15d-15 under the Exchange Act ("Disclosure Controls") as of September 30, 2012. Based on the Evaluation, our CEO and CFO concluded that the design and operation of our Disclosure Controls were effective to ensure that information required to be disclosed by us in reports that we file or submit under the Exchange Act is (i) recorded, processed, summarized and reported within the time periods specified in SEC rules and forms and (ii) accumulated and communicated to our senior management, including our CEO and CFO, to allow timely decisions regarding required disclosures.

Changes in Internal Controls

There has not been any change in our internal control over financial reporting identified in connection with the Evaluation that occurred during the quarter ended September 30, 2012, that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Inherent Limitations of Internal Control Over Financial Reporting

Our management, including our CEO and CFO, does not expect that our Disclosure Controls and internal controls will prevent all error and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management override of the control.

The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions; over time, a control may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected.

CEO and CFO Certifications

Exhibits 31.1 and 31.2 are the Certifications of the CEO and the CFO, respectively. The Certifications are supplied in accordance with Section 302 of the Sarbanes-Oxley Act of 2002 (the "Section 302 Certifications"). This Item 4 of this Report is the information concerning the Evaluation referred to in the Section 302 Certifications and this information should be read in conjunction with the Section 302 Certifications for a more complete understanding of the topics presented.

PART II — OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

In Item 3 of Part I of the Company's Annual Report on Form 10-K for its fiscal year ending December 31, 2011, certain information concerning certain legal proceedings and other matters was disclosed. Such information was current as of the date of filing. During the Company's fiscal quarter ending September 30, 2012, no new legal proceedings, or material developments with respect to existing legal proceedings, occurred which require disclosure in this Quarterly Report on Form 10-Q.

ITEM 1A. RISK FACTORS

There were no material changes in the risk factors previously disclosed in Item 1A, "Risk Factors" included in the Company's Annual Report on Form 10-K for the year ended December 31, 2011.

ITEM 6. EXHIBITS

The following exhibits are filed as a part of this Report:

- 3.1 Articles of Amendment to Articles of Incorporation (adopted April 24, 2003) (incorporated by reference to Exhibit 3a to Form 10-Q for the quarter ended March 31, 2003), and Amended and Restated Articles of Incorporation (incorporated by reference to Exhibit 3a to Form 10-Q for the quarter ended March 31, 1999).
- 3.2 Bylaws (incorporated by reference to Exhibit 3.2 to Form 8-K filed on March 2, 2012).
- 31.1 Rule 13a-14(a)/15d-14(a) Certification by the Chief Executive Officer of the Registrant.
- 31.2 Rule 13a-14(a)/15d-14(a) Certification by the Chief Financial Officer of the Registrant.
- 32.1 Section 1350 Certification by the Chief Executive Officer of the Registrant.
- 32.2 Section 1350 Certification by the Chief Financial Officer of the Registrant.
- 101.INS* XBRL Instance Document.
- 101.SCH* XBRL Taxonomy Extension Schema Document.
- 101.CAL* XBRL Taxonomy Extension Calculation Linkbase Document.
- 101.DEF* XBRL Taxonomy Definition Linkbase Document.
- 101.LAB* XBRL Taxonomy Extension Label Linkbase Document.
- 101.PRE* XBRL Taxonomy Extension Presentation Linkbase Document.

* These interactive data files shall not be deemed filed for purposes of Section 11 or 12 of the Securities Act of 1933, as amended, or Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to liability under those sections.

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has caused this report to be signed on its behalf by the undersigned thereunto duly authorized.

BROWN & BROWN, INC.

/s/ CORY T. WALKER

Cory T. Walker

Sr. Vice President, Chief Financial Officer and Treasurer
(duly authorized officer, principal financial officer and principal accounting officer)

Date: November 9, 2012

**Certification by the Chief Executive Officer
Pursuant to Section 302 of The Sarbanes-Oxley Act of 2002**

I, J. Powell Brown, certify that:

1. I have reviewed this Quarterly Report of Brown & Brown, Inc. (the "Registrant") on Form 10-Q for the quarter ended September 30, 2012;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the Registrant as of, and for, the periods presented in this report;
4. The Registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the Registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the Registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the Registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the Registrant's internal control over financial reporting that occurred during the Registrant's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Registrant's internal control over financial reporting; and
5. The Registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the Registrant's auditors and the audit committee of the Registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the Registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the Registrant's internal control over financial reporting.
