REPORT OF INDEPENDENT REGISTERED CERTIFIED PUBLIC ACCOUNTING FIRM

To the Investment Committee of the Brown & Brown, Inc., Plan Administrator
and Participants

Brown & Brown, Inc. Employee Savings Plan and Trust
Daytona Beach, Florida

Opinion on the Financial Statements

We have audited the accompanying statements of net assets available for benefits of the Brown & Brown, Inc. Employee Savings Plan and Trust (the Plan) as of December 31, 2017 and 2016, the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes (collectively, the financial statements). In our opinion, the financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2017 and 2016, and the changes in net assets available for benefits for the year ended December 31, 2017, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on the Plan's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Plan in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risk of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by the Plan's management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Supplemental Information

The supplemental information in the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2017 has been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The supplemental information is presented for the purpose of additional analysis and is not a required part of the financial statements, but includes supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental information is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

/s/ Hancock Askew & Co., LLP

We have served as the Plan's auditor since 2007.

Norcross, Georgia

1. DESCRIPTION OF THE PLAN

The following brief description of the Brown & Brown, Inc. Employee Savings Plan and Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General -The Plan is a defined contribution plan. Substantially all employees who are at least 18 years of age and who are expected to complete a year of service (1,000 hours) are eligible to participate in the Plan effective the first full payroll period after one month of service. The Plan is intended to assist Brown & Brown, Inc. and its subsidiaries (the "Employer") in its efforts to attract and retain employees by enabling eligible employees who are U.S. citizens with the opportunity to invest a portion of their annual compensation in the Plan, augmented by employer contributions, to supplement the employees' retirement income. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Benefit Payments -Benefits under the Plan are payable upon normal (after age 65) or early (after age 59-1/2) retirement, death, disability, severe financial hardship or termination of service and are based on the vested balance in the participant's account. Distributions of vested account balances will be made in the form of a single lump-sum payment or in some other optional form of payment, as defined in the Plan. If the participant's vested account is \$5,000 or less, the participant will be prompted to distribute his or her funds to another qualified plan in a timely fashion or be subject to an immediate lump-sum distribution.

Administration -The Plan is administered by a designated Plan Administrator (the "Administrator"), which has been appointed by the Board of Directors (the "Board") of the Employer. Information about the Plan document, such as provisions for allocations to participants' accounts, vesting, benefits and withdrawals, is contained in the Summary Plan Description. Copies of this document are available on the employee benefits Web site accessible to employees of the Employer or from the Administrator. Schwab Retirement Plan Services, Inc. ("Schwab") serves as the recordkeeper of the Plan and Charles Schwab Trust Company, a division of Charles Schwab Bank (the "Trustee") serves as the trustee of the Plan.

Administrative Expenses - All investment-related expenses are charged against Plan earnings or are paid by the Plan. Administrative expenses for recordkeeping, accounting and legal are paid by the Plan. All other expenses are paid by the Employer.

Contributions - Participants may elect to contribute, subject to certain limitations, any percentage of annual compensation as contributions to the Plan, up to the allowable limits specified in the Internal Revenue Code of 1986, as amended ("IRC"). The Employer makes a fully vested safe harbor matching contribution for each participant equal to the sum of (1) 100% of the participant's elective deferrals that do not exceed 3% of compensation for the allocation period, plus (2) 50% of the participant's elective deferrals that exceed 3% of compensation for the allocation period but do not exceed 5% of compensation for the allocation period.

The Plan permits the Board of Directors of the Employer to authorize discretionary profit-sharing contributions. No profit-sharing contributions were made in 2016 and 2017.

Vesting -Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Employer matching contributions for plan years beginning before January 1, 2014, and for discretionary profit-sharing contributions are based on years of credited service and are subject to the following vesting schedule:

Years of Credited Service	Vested Interest
Less than 1	0 %
1	20
2	40
3	60
4	80
5 or more	100

As a result of an Internal Revenue Service ruling policy, the Plan was amended effective January 1, 2015, to provide that the forfeited balances of terminated participants' non-vested accounts would not be available to reduce the Employer's safe harbor matching contributions unless the IRS specifically provides for such use of forfeitures in formal guidance of general applicability. On January 18, 2017, the IRS issued proposed regulations that permit such use of forfeitures, and provided that taxpayers may rely on the proposed regulations for periods preceding the issuance of final regulations. As of December 31, 2016 and 2017, forfeited employee amounts available to offset future Employer contributions and to offset future Plan expenses

totaled approximately \$270,000 and \$743,200, respectively. For the Plan years 2016 and 2017, forfeiture amounts of \$132,882 and \$743,162, respectively, were used to offset Employer contributions and Plan expenses.

Investment Income and Expenses -Each participant's account shall be allocated the investment income and expenses of each fund based on the value of each participant's account invested in each fund, in proportion to the total value of all accounts in each fund, taking into account any contributions to or distributions from the participant's account in each fund. General expenses of the Plan not paid by the Employer and not attributable to any particular fund shall be allocated among participants' accounts in proportion to the value of each account, taking into consideration each participant's contributions and distributions.

The agreement between the Trustee and the Plan includes a revenue-sharing arrangement whereby the Trustee shares revenue generated by the Plan in excess of the Trustee's fee. These deposits are included in the "Other Income" amount in the Statement of Changes to Net Assets Available for Benefits. These funds are used to pay other Plan expenses, with any remaining amounts being reallocated to participants. During 2017, revenue of \$226,762 was deposited into the Plan related to this revenue-sharing arrangement. At December 31, 2017 and 2016, \$ 48,984 and \$53,025, respectively, was available to be reallocated or pay Plan expenses. For the Plan year ended December 31, 2017, Plan expenses of approximately \$180,000 were paid by these funds.

Notes Receivable from Participants -A participant may borrow from his or her own account a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Participants may not have more than two loans outstanding at any time, with a limited exception for grandfathered outstanding loans transferred to the Plan as a result of mergers of plans maintained by acquired companies. Loans, which are repayable each pay period for periods ranging generally up to five years (and up to 15 years for the purchase of a principal residence), are collateralized by a security interest in the borrower's vested account balance. The loans bear interest at the prime rate plus 1%, determined at the time the loan is approved. As of December 31, 2017, interest rates applicable to such loans ranged from 4.25% to 9.25%.

Plan Merger - On November 15, 2017, the Plan merged with the previously frozen Wright Risk Management Company LLC 401(k) Profit Sharing Plan (Wright Plan). As a result of the merger, the fair market value of assets totaling \$20,750,595 were transferred into the Plan.

2. SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates -The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Basis of Accounting -The accompanying financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses was recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Notes Receivable - Participant loans are recorded as "Notes Receivable from Participants" and are measured at their unpaid principal balance plus any accrued but unpaid interest in the statements of Net Assets Available for Benefits as of December 31, 2017 and 2016. No allowance for credit losses was recorded as of December 31, 2017 and 2016. Defaulted participant loans are reclassified as distributions based upon the terms of the Plan documents.

Valuation of Investments -The Plan's investments in money market funds, mutual funds and the personal choice retirement account, which includes investments in mutual funds and common stock, are stated at fair value based on quoted market prices at year-end. The fair value of the Brown & Brown stock fund is measured using the unit value calculated from the observable market price of the stock plus the cost of the short-term investment fund, which approximates fair value. This non-pooled separate investment account is deemed to be Level 1 investment. The fair value of the pooled separate accounts is based upon the net asset value ("NAV") of the underlying assets as determined by the Trustee's valuation. NAV is used as a practical expedient. The contract value of participation units owned in the pooled separate accounts is based on quoted redemption values, as determined by the Trustee, on the last business day of the Plan year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as investments held during the year.

Participant Loans- Participant loans are valued at cost, which approximates fair value.

3. INVESTMENTS

Fair Value Measurements—The Plan adopted a fair value measurement method that establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The fair values estimated and derived from each fair value calculation may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with those utilized by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan investment assets and investment liabilities as of December 31, 2017 and 2016. As required by Accounting Standards Codification Topic 820-Fair Value Measurement and Disclosures, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

	Investment Assets at Fair Value as of December 31, 2017			Total
	Level 1	Level 2	Level 3	
Registered investment companies (mutual funds);	\$ 545,212,704	\$ —	\$ —	\$ 545,212,704
Employer common stock fund	35,672,514	—	—	35,672,514
Personal choice accounts	12,513,857	2,590,879	—	15,104,736
Total investments at fair value	\$ 593,399,075	\$ 2,590,879	\$ —	\$ 595,989,954
Pooled separate account, measured at net asset value*	—	—	—	51,804,442
Total investments at fair value	\$ —	\$ —	\$ —	\$ 647,794,396

	Investment Assets at Fair Value as of December 31, 2016			Total
	Level 1	Level 2	Level 3	
Registered investment companies (mutual funds);	\$ 413,511,719	\$ —	\$ —	\$ 413,511,719
Employer common stock fund	32,099,084	—	—	32,099,084
Personal choice accounts	9,968,087	2,344,931	—	12,313,018
Total investments at fair value	\$ 455,578,890	\$ 2,344,931	\$ —	\$ 457,923,821
Pooled separate account, measured at net asset value*	—	—	—	53,672,164
Total investments at fair value	\$ —	\$ —	\$ —	\$ 511,595,985

*Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits. The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2017 and 2016, respectively.

	Fair Value 12/31/17	Fair Value 12/31/16	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	\$ 51,804,442	\$ 53,672,164	N/A	Daily	12 months

Risks and Uncertainties and Concentrations-Investments -The Plan invests in various investment securities. The Vanguard Institutional Index Fund represents approximately 15% of the Plan's total investments at December 31, 2017. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. INVESTMENT PROGRAMS

As of December 31, 2017, contributions to the Plan were invested in one or more of various investment fund options, including money market funds, mutual funds and an Employer stock fund, at the direction of each participant. The Plan also allows participants to invest in the Charles Schwab & Co. Personal Choice Retirement Account, which enables each participant to self-direct his or her money into a full range of investment options, including individual stocks and bonds, as well as allowing access to over 800 additional mutual funds. The Charles Schwab & Co. Personal Choice Retirement Account is presented as "self-directed investments" in the accompanying statements of net assets available for benefits.

One investment in the Plan is a guaranteed pooled separate account managed by Wells Fargo Bank called the Stable Return Fund G (the "Stable Return Fund"), which invests in a variety of investment contracts such as guaranteed investment contracts ("GICs") issued by insurance companies and other financial institutions and other investment products (such as separate account contracts and synthetic GICs) with similar characteristics. The Stable Return Fund investment in each contract is presented at fair value. The fair value of a GIC is based on the present value of future cash flows using the current discount rate. The fair value of a security-backed contract includes the value of the underlying securities and the value of the wrapper contract. The fair value of a wrapper contract, which is provided by a security-backed contract issuer, is the present value of the difference between the current wrapper fee and the contracted wrapper fee.

5. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments include the Brown & Brown, Inc. common stock fund, which represents party-in-interest transactions that qualify as exempt prohibited transactions. Additionally, through the personal choice retirement account, certain investments are managed by affiliates of the Trustee of the Plan.

The Plan issues notes to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer may terminate the Plan at any time, either wholly or partially, by notice in writing to the participants and the Trustee. Upon termination, the rights of participants in their accounts will become 100% vested. The Employer may temporarily discontinue contributions to the Plan, either wholly or partially, without terminating the Plan.

7. FEDERAL INCOME TAX STATUS

The Plan has received a favorable determination letter from the Internal Revenue Service dated November 16, 2015, relating to the qualification of the Plan under Section 401(a) of the IRC. The Plan's management believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC and regulations issued thereunder and, therefore, believes the Plan, as amended and restated, is qualified and the related trust is tax exempt

Accounting principles generally accepted in the U.S. require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions. There are currently no audits for any tax periods in progress.
